Dear Mark,

Thank you for all of your support in making the XVIIth World Congress on Safety and Health at Work, and the National Safety Council 93rd Annual Congress & Expo an outstanding success.

Special thanks to you and your team of interpreters. We know this was a challenging task due to all the language barriers caused by having such an international presence. I know this was a huge undertaking, but you made it seem so effortless. The simultaneous interpretation was excellent. I know this was challenge at the opening and closing sessions, but everything was perfect. Without your teams assistance we would have not been able to host delegations from 111 countries from around the world.

Again, thank you for all of your support and professional expertise in helping us host the World Congress and having another successful National Safety Council Congress & Expo in Orlando.

Sincerely,

Vice President
